### Approval

Re: Hudson County Chromate – Honeywell International Inc. (Allied)  
Remedial Investigation Report/Remedial Action Work Plan/Remedial Action Report - Study  
Area 5- Site 153 (Former Morris Canal)  
Jersey City, Hudson County  
SRP PI# G000008767  
Activity Number Reference: RPC 930001  
Case Name/Number: 091417\_SA5\_153\_RAR\_Approval

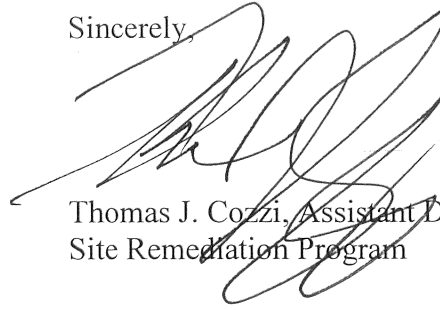

Dear Ms. Kaouris:

The New Jersey Department of Environmental Protection (Department) has completed review of the Remedial Investigation Report/Remedial Action Work Plan/Remedial Action Report (RIR/RAWP/RAR) Addendum at Study Area 5 - Site 153 (dated November 2016). The initial RIR/RAWP/RAR was submitted to the Department in December 2014, and subsequently as a revised document in March 2015. The Department has determined that the document is in compliance with the Technical Requirements for Site Remediation, N.J.A.C. 7:26E, the Consent Judgment (dated September 7, 2011), and other applicable requirements. The Department hereby approves the document, effective the date of this letter.

However, this approval does not include the Danforth Realty property (Block 26101 Lot 7), per your email dated September 6, 2017.

The Department requests Honeywell submit copies of this letter to the appropriate parties. If you have any questions regarding this matter, please contact David Doyle at (609) 292-2173.

Sincerely,

A handwritten signature in black ink, appearing to read 'T. Cozzi', written over a horizontal dashed line.

Thomas J. Cozzi, Assistant Director  
Site Remediation Program
