**Subject: Annual Notice to Stakeholders/Utilities
SA-5 Consent Decrees**

This letter documents Honeywell's compliance with the obligation to provide an annual update notice to New Jersey One Call and other underground alert hotlines regarding site conditions and activities at Site 079 (Ciasulli Property), pursuant to paragraph 81 of the Consent Decree Regarding Sites 79 and 153 South. The update letters are being transmitted to New Jersey One Call as the appropriate underground utility hotline in New Jersey, and also to the individual utility companies with services in the area of the Ciasulli Property. Copies of the notification letters are attached for reference. Honeywell provided previous annual notification letters to stakeholders, including utility entities, on April 22, 2013

The notification letters are also going to be posted on a web site, as specified in paragraph 81 of the Consent Decree Regarding Sites 79 and 153 South and paragraph 104 of the Consent Decree Regarding Remediation of the New Jersey City University Redevelopment Area. As has been done previously, Honeywell is using the web site set up for the NJCU remediation project to provide information on the status of the chromium remedial actions. Honeywell will post a copy of the attached notification letters on that web site (www.NJCU.siteremediation.com).

If you have any questions, please feel free to call me at 973-455-4003.

Sincerely,

John J. Morris
Remediation Director
